

Calhoun County All-Hazards Planning Committee
February 13, 2023 Meeting Agenda

Introductions:

- Danielle Chasse- AHPC Chairperson

Old Business:

A. All Tier II reports should be e-mailed to Tier2@calhounema.org

B. LEPC Funds:

- The Hazmat Team voted to dissolve in 2016 and made the decision to let their remaining funds be transferred to the LEPC (what is now the AHPC). However, the team never filed the paper work for the state to dissolve their non-profit status (501c3). The EMA tried to file the paperwork with the meeting minutes to dissolve. Since the team never filed they requested 3 signatures of past team members that voted for the dissolution. The problem is finding 3 members to sign the paperwork, due to members moving, members passing away. The EMA has found 1 remaining member therefore the EMA has moved forward with the one signature, the meeting minutes for the dissolution and an affidavit from the county and sent this all to the state, we are still waiting to hear back on their decision.

C. THIRA was approved last meeting and has been finalized and submitted.

New Business:

A. NRC reports since last meeting:

- 9/12/22- Potential hazard reported near a home.
- 9/26/22- Diesel leak due to an accident.
